IPGB bags two awards

GEORGE TOWN: It was a double joy for Ivory Properties Group Berhad (IPGB) when the Group roamed home two winning titles for the INPenang Awards 2012.

IPGB bagged the Top Developers and Top Food & Beverages (F&B) Hubs awards during the award presentation ceremony for 16 finalists at a hotel here.

The Top F&B Hubs award was accorded to Penang Times Square, which is currently managed by IPGB.

IPGB deputy chairman and executive director Datuk Seri Nazir Ariff, who received the Top Developers title, said the award was yet another recognition and boost of confidence for the Group.

“This award will put pressure on the company to perform better and to come out with more iconic projects by taking the environment aspect into account,” he said in a statement yesterday.

Ivory Times Square Sdn Bhd director Ron Loh, who received the Top F&B Hubs award, said the rebranding of Penang Times Square phase one into a food mall has attracted a number of reputable restaurateurs like Ming Garden, Fullhouse Lifestyle Store & Café, Yea Japanese Barbeque & Shabu Shabu, Overtime and the up-and-coming Tao Authentic Cuisine and Ah Keat Seafood Restaurant to occupy sizeable space at the mall.

“The mall has since become a one-stop food haven for tourists and locals, more so when our Entertainment City in phase two is ready for operation,” he said.

The INPenang Awards 2012 selection of winners was done on two stages.

A public nomination was earlier held in INPenang and Essenze magazines, and CHT Network website through write-ins or e-mails.

A selection committee comprising seven undisclosed judges then went through

the nominations to decide on the finalists.
